Dear President, Dean, Director and Department Head,

It is with great pleasure that we welcome you to the 2nd International Symposium on Conversation Analysis for Research and Development Innovations in Thailand and Beyond (CARDIT 2026), to be held under the theme “Innovative Perspectives on Communication: Conversation Analysis (CA)-Informed Language Education for Teaching and Assessing Interaction.” The symposium is organized through collaboration between the Chulalongkorn University Language Institute (CULI) and Prince of Songkla University (PSU) to disseminate knowledge, exchange ideas through seminars, and present research findings on Conversation Analysis (CA)—one of the most powerful research methodologies and analytical tools in the social sciences.
